INTELLIGENT WHITEBOARD

An interactive tool that can be used as an educational or presentation device in various environments (classroom or workplaces). The Intelligent Whiteboard is a powerful tool in the classroom. Students can be encouraged to present ideas, solve puzzles and mathematical problems on the whiteboard, making it easier for teachers to record these ideas and thoughts.

- * Able to be connected to a computer, data projector
- * Diagrams or notes written onto the whiteboard can be captured and recorded
- * Can play videos, DVDs
- * When connected to a PC, can run software
- * Provides a more effective and efficient way to record, store, reinforce and disseminate information learned in a lesson.

Sleek, sophisticated, bright and dynamic.
